Product Description

Product Description:

Used Volvo XC60

The 2023 Volvo XC60 B5 4WD version is like a walking work of art, perfectly interpreting the essence of Nordic luxury design. The polygonal front grille with a straight waterfall grille shows its grandeur and stability. The iconic Thor's Hammer headlights on both sides are sharp and vivid, like a pair of piercing eyes, which can illuminate the road ahead in the dark. On the side of the car, the smooth waistline runs through the body, and the front and rear protruding side fenders and double five-spoke wheels not only add to the sportiness of the vehicle, but also make its aura fully open. At the rear of the car, the irregular taillight group is highly recognizable after lighting up. The multi-layer design of the rear surround and the hidden exhaust layout make the overall sense of the whole vehicle stronger, exuding a luxurious atmosphere in a low-key manner.

Interior:

When you enter the car, a simple and luxurious atmosphere comes to your face. The full LCD instrument panel is matched with a three-spoke multi-function steering wheel, with clear information display and convenient operation, allowing you to grasp all kinds of information about the vehicle at any time. The vertically arranged multimedia touch screen equipped in the central control is like an intelligent information center. The operation logic is simple and easy to understand, and it is equipped with an electronic shift mechanism, which brings you a high-tech driving experience. The seats are made of genuine leather, which not only provides a comfortable ride, but also highlights the luxurious quality. The leather wrapping in the car is matched with solid wood decoration, and the details are exquisite. The crystal gear lever is the finishing touch, reflecting the charming light in the sun, adding a unique sense of luxury to the interior.

Space:

As a mid-size SUV, the 2023 Volvo XC60 B5 four-wheel drive version has a spacious interior space. Whether in the front or back row, it can provide passengers with ample head and leg space, making every ride like being in a comfortable living room. The rear center armrest has two cup holders, which provides convenience for rear passengers. The design of the panoramic sunroof allows sufficient lighting in the car and creates an open sense of space. Whether it is enjoying the blue sky and white clouds during the day or looking up at the stars at night, it can bring you pleasant enjoyment.

Power performance: The 2023 Volvo XC60 B5 four-wheel drive version is equipped with a 2.0T turbocharged engine + 48V mild hybrid system, with a maximum power of 250 horsepower and a maximum torque of 350 Nm. This power combination allows you to shuttle freely on urban roads and gallop on highways. The 8-speed automatic transmission matched with the transmission system has smooth gear shifting and no sense of frustration, bringing you a comfortable driving experience. The blessing of the four-wheel drive system allows the vehicle to maintain good controllability and stability in various complex road conditions, whether it is a rugged mountain road or a slippery rain and snow road, it can easily cope with it.
